

# Girls Rock! DC Annual Report 2019

## What an amazing year!

This has not been an ordinary year for Girls Rock! DC. In 2019 we took time to nurture our roots and let our leaves grow. We've transitioned from being all-volunteer led and brought on our very first paid staff. This year, we've focused on deepening relationships and growing our team and programs in a way that is truly driven by our values. But we've also branched out, introducing new programs and activities to support DC's young folks with music education year-round.

We held our first workshop series this summer, with eight workshops curated by our youth leaders and led by local teaching artists and facilitators.

*100% of participants* said the workshops were fun and interesting!

At our End-of-Summer Celebration event, more than *100 Girl Rock! DC youth* and friends danced to DJs and bands, created beautiful art, and closed out the summer together in true Girls Rock! DC style.

Our after-school program *GR!ASP* worked with students at *SEED School* this year, who got to learn new instruments, form a band, and write original songs together.

All of this has been made possible by our Girls Rock! DC community of supporters, volunteers, and friends. We're so excited to continue growing next year, with Summer Camp, GR!ASP, workshops, and more!

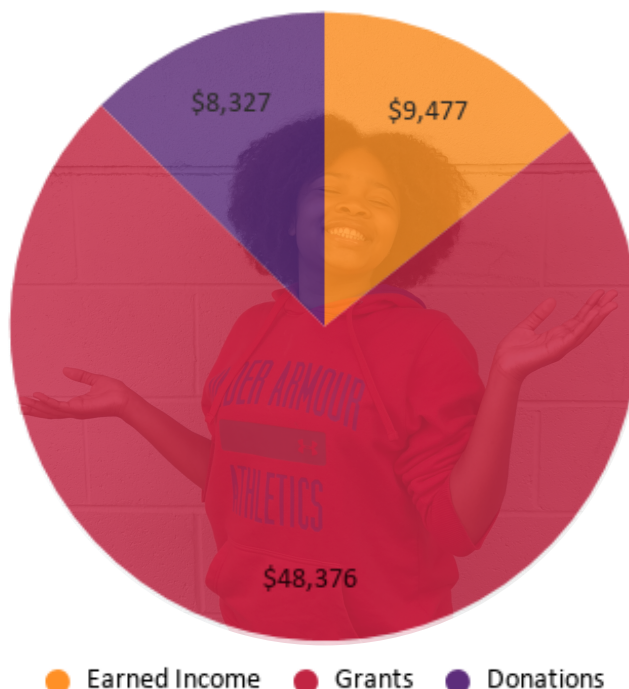

Noel Schroeder,  
Co-Executive Director,  
Girls Rock! DC

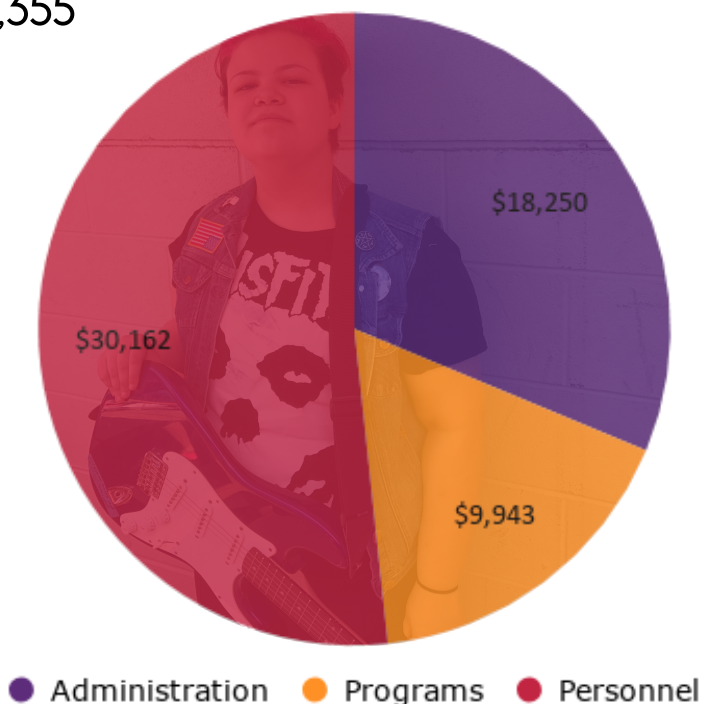

## Our finances

The financial support we receive allows us to provide quality music education programs for young folks across the DC area. From January 1 to November 30, 2019, Girls Rock! DC raised \$66,180 and spent \$58,355, for a net income of \$7,825. This year, we focused on building out our team, making our organization strong and sustainable, and growing our low-cost programming. Check out the breakdown of our income and expenses below.

Income: \$66,180

Expenses: \$58,355

**Girls Rock! DC is a supportive, inclusive, and creative space** for girls and non-binary and trans youth of varying racial, ethnic, religious, and socioeconomic backgrounds, abilities, identities, and experiences to develop their self-confidence, build community, rise up, and rock out! We live at the intersection of art, activism, and music education. We host summer camps, workshops, and after school programs for young folks in the Washington, DC area. Girls Rock! DC is a registered 501(c)(3) non-profit organization. For more information, visit [girlsrockdc.org](http://girlsrockdc.org)
